

**ELEGANT.
MODERN.
SMART.**

IMDesign is a leader in the field of aluminum design and manufacturing. With over 30 years of experience in the industry, our expertise is second to none. We now boast a stunning line of aluminum cabinetry. Our cabinetry system is based on all the advantages an aluminium cabinet can provide for designers, installers and most importantly the end user, you.

A kitchen is a special space in any home and should be comfortable, practical and elegant while being durable and versatile. We look forward to bringing yours alive!

Our promise to our clients: To provide beautiful, customized and functional cabinetry solutions:

- Offer a personalized and memorable service experience
- Provide professional and insightful assessments
- Address all of your unique needs
- Innovate in design and flexibility

Patricia + Santi

VERSATILE. NON-TOXIC. DURABLE. SUSTAINABLE.

Aluminum is the metal of choice for leading designers, architects and engineers, all of whom are looking for a material which combines functionality and cost-effectiveness with forward looking form and design potential. Aluminum is a unique metal: strong, durable, flexible, impermeable, lightweight,

corrosion-resistant, non-toxic and 100 percent recyclable.

An IMDesign kitchen gives you all the beauty and style of a modern kitchen while keeping your environmental footprint at a minimum and protecting your health.

ALUMINUM.

Solid & durable

Resistant to temperature changes, moisture and dampness

Flexible selection of hardware, cabinet types and colour schemes

Hygienic and hypoallergenic

Non-toxic, no off-gassing, no VOCs

PRODUCT LINES

IMDesign Product Lines are all of highest quality, unique in style and designed to reflect your lifestyle. Our custom cabinetry and furniture range in style from traditional and timeless to radiant, bold and contemporary.

All our product lines are 100% non-toxic, VOC-free and safe for chemically sensitive people. They are elegant, modern, smart and durable. Transform and customize your space with formaldehyde-free, zero off-gassing, sustainable and, most importantly, beautiful custom kitchens. Our cabinetry is built and designed specifically for each individual client.
